Attn. Mr. Ervin W. Kreis, Secretary:

Dear Sir:

Our friend, the Museum Janitor, informs me that we will have to get a few more ash trays for the use of your members at the meetings. He tells me that the cigarette butts and pipe ashes make stains on the floor that are difficult to remove. Since ash trays are cheaper than floor surfacing, I believe that his point is well taken, and am accordingly getting a few more ash trays and instructing the janitors to see that they are made available to you.

Please extend to your members our invitation to make good use of the trays, for your convenience and comfort at the meetings (not as souvenirs).

73s to yourself and fellows
